NOTED TRIAL AT CARBONDALE.

Robert Hadfield Is Charged With Killing James Jourdan.

Carboadale, III., April 16.—One of the most remarkable murder traits in the criminal history of Southern Elinois opened this marning at the county seal, wherein Robert Haddield of Carterville is charged with the killing of James Jourdan on a special train conveying Samuel Alschuler to this city in October, 1800. Alschuler was the Democratic gobernatorial candidate at the time and had Broken at Hearin. Aboard the special train were large delegations from Marion and Carterville, among the latter ocing Haddeni and Lem Shadewers.

A fight ersued, and Jourdan was shot to death. In the miles the guilty party concealed his nientity and for several days the State was at sex as to the murderer. Both Haddield and Shadowens were indicted in Williamson County, but as the crime occurred one-fourth of a mile over the line in this county both were discharged and later indicted in this county.

At the preliminary hearing Shadowens sestively swere that he and not Hadfield field the fatal shot, but the Gand Jury held itselfield and discharged Shadowens.

Hadfield is but 22 years of use and has case before been tried for murder at the time of the killing of the five across in the streets of Carterville during the rolls in that city. Stree his balletiment he has married one of the helies of the city of Carterville. REPUBLIC SPINIAL

Mrs. Greenup formerly lived in Chicago and wanted to be married in Illinois. Accompanied by a minister, the couple entered a bridge automobile on the St. Louis side and when near the Illinois side the minister performed the marriage ceremony.

Greenup called on Attorney Ruler and gave him a letter to be forwarded to his wife. The contents of the letter are not known. It is supposed from statements made by Greenup to the attorney that in the letter Greenup requests his wife to return.

## AKINS GETS PLEDGES FROM CONVENTIONS

Has Secured Indorsements From Nearly All County Conventions Held.

Distinguished Guest Has Been Still Making Charges Against Applicants-Colonel Kerens Is Willing for Delay in the Matter.

State Chairman Thomas J. Akins returned of the foremost physicians in the United from his home in Humansville Tuesday. States will attend the banquet in honor of Mr. Akins attended the Polk County Con-Doctor Elisha Hall Gregory of this city.

Dector Gregory, who is 78 years old, is one of the most famous men in his profession in this section of the country, and has a reputation extending throughout the United States. He came to Missouri in 1833, locating at Hoonville. He became a resident of St. Louis in 1849, and was resident o

practice of medicine continuously. He was chosen demonstrator of anatomy of St.

Of great importance to both of the factional leaders is the flath which is being made on Congressman Bartholdt. If Flory or any other man groomed by the anti-Barthold interests succeeds in getting the nomination in the Tenth District, there will be a lot of guessing done by the man who patronize nothing but the band-wagon.

How Delegations Stand. How Delegations Stand.

Thirteen county Republican conventions have been held to date. Of these State Chairman Akins has received the indorsement of eleven, with a total of fifty-nine votes in the State Convention. Boone County with six votes had a split, those remaining after the bolt instructing for Akins. Grundy County with nine votes made no instructions.

Grundy County with nine votes made no in-structions.

Charley Morris, Postmaster in Trenton, runs the Republican politics of Grundy. He maintains a so-called independent position but is considered by most of those who per-sist in thinking him a "trimmer" as a friend of Colonel Kerens. The National Committeeman and Morris have never failed to work together. Morris went to Washington in the interest of Kerens at the time of the Smith-Boyd fight for the Surveyorship.

the time of the Smith-Boyd light for Surveyorship.

Phelps, Butler and Boilinger countles will hold their conventions next Saturday. The first two will probably instruct, while Bollinger County, being the home of Moses Whybark, a candidate for a Supreme Court nomination, will straddle on all propositions brought before it.

Rozler for Chaleman.

It is said that Colonel Kerens is boosting former United States District Attorney E. A Rozler for the State chalemanship. Rozler was in the city from Farmington yesterday. Since leaving the Federal building he has not hurt himself by praising Rossevalt to any perceptible degree. He is regarded as an anti-Roosvelt man.

The first fight for Rozler will be made in the Phelps County Convention. Friends of the National Committeeman have been busy in that county and will try to get instructions for Rozler. Akins will have his friends on the ground. The only thing which can keep Rozler's name from going before that convention would be because he fears defeat. Rozier for Chairman.

defeat.

Among the Republican politicians who were in the city were Frank Roberts of Springfield, Doctor J. C. Parrish of Vandalla, Robert Harvey of Eldon, Charles D. Morris of Trenton, Joseph Mayo of Clifton Hill, Tom Kelly of Moberly and J. H. Flandgan of Cartage.

fuence.

Flory Still Undecided.

Joseph Flory said yesterday that he would make a positive announcement today regarding his possible candidacy for the congressional nomination in the Tenth District. He would not declare himself yesterday, though he had promised to make his announcement not later than Tuesday.

Friends who have been booming him did not waste any compliments on him yesterday. They think that he will not run it would not be because of his World's Fair position or because he had been "scared off." He can see no money in a job paying \$5,000 a year with residence in Washingtes.

Certain things have come up which have made the race look like a fixed thing to outsiders. It is said the President has announced flatly that he wishes Bartholdt returned to Woshington. This wish has been communicated to Colonel Kerens. He has not mixed in the Tenth District fight and has left the contest to his friends. It is said that during the last few days the National Committeeman has even gone so far as to discourage an anti-Bartholdt fight. Since the conference which was held at the Southern Hotel Saturday afternoon Flory's friends have been trying to raise money for the primaries. It is said that they were unable to scrape up more than \$2,500. As Otto Stife! is expected to contribute \$5,000 for primary registration, in only two or three of the North End wards, the anti-Bartholdt campaign has assumed a dark tinge.

anti-Bartholdt Campaign has assumed a dark tinge.

If Flory does not run, the antis are looking to Doctor Max C. Starkloff and Selden P. Spencer for material. It is not known whether either of them would run under present conditions. Bucking the President, the National Committeeman and the State chairman is not a pleasant outlook.

Naming Delegations. Naming Delegations.

At a caucus, held at Scerf's ealoon, Sixth and Market streets, delegates instructed for Bartholdt were selected, Alonzo Munn, congressional committeeman from that ward, directed affairs. The following men are said to have been selected on the delegation: C. F. Delancy, A. Wenzlich, Henry Scherf, Anton Oppermann, Adam Pausch, M. A. Murphy, Alonzo Munn, Edward Brockschmidt and F. M. Sterrett.

BOOSTING TOM CRITTENDEN, JR.

Kansas City Democrats Think He Would Make a Good State Chairman. Many Democratic politicians have been in Many Democratic politicians have been in the city during the first of the week. J. M. Lowe of Kansas City, who addressed the Jefferson Club Monday evening, saw several local Democrats, among others Harry B. Hawes. With Mr. Lowe was H. J. Groves, also of Kansas City, and formerly connected with the Times. Both of them boomed T. T. Crittenden, Jr., for State Chalrman.

In discussing the Democratic victory in Kansas City, Mr. Lowe said: "It was a great victory and may be accounted for in many ways. There was a widespread public sentiment against corporations meddling in politics. Now is a good time for public-service corporations to keep out of politics. Public sentiment is at last alive to corruption in municipal affairs and the people demanded a new deal on this score.

"Reed is personally courageous and a good campaigner. His associates on the stump—Cowherd, Connelly, Yates and others—far outclassed the Republicans. But equally as valuable as anything else was the very effective organization of the Dealocrats and particularly the effective work done by the Jackson County Club.

"For the real work of the campaign, however, too much cannot be said in praiss of the valuable services of Tom Crittenden, Jr., and W. T. Kemper. They are experts in political organizations and in party management. They accomplished great good in Kansas City by harmonizing the factions. "T am for Tom Crittenden for chairman of the Biate Democratic Committee if he will take it. He is young, capable, honest. the city during the first of the week. J. M.

It is the President's habit at about 4:30 o'clock to ride out on horseback from the western side gate of the grounds, some times accompanied by a friend, but usually alone, except for the guard who always follows him and who is also mounted. This habit of his was discovered, and soon a small crowd began to assemble at the regular hour to see the President ride forth and perhaps get a bow from him.

This crowd multiplied daily, but it contented itself at first with standing and watching him ride off. Then some of the sight began to attract attention, but the scene to-day was such that vecople on Pennsylvania avenue thought a parade was passing and came running to see what was the matter.
